Overview:

Appellant Information Docket No. 25-48368.001-R-1:

Name of Appellant:	Theodora Mantinaos
Appellant's Attorney:	<i>Pro se</i>
Date Petition Filed:	04/26/2026
Date Admin. Dismissed:	06/04/2026 due to untimely filing
Basis of Appeal:	Assessment Equity & Comparable Sales
BoR Value:	28,718
Appellant's Request:	17,555
Evidence Filed Timely:	No

Relevant Facts

- 04/30/2026–PTAB receives the petition, disclosing a board of review decision transmittal date of 03/25/2026, making the filing deadline Friday, April 24, 2026. The appellant mailed the petition to the PTAB via FedEx. The FedEx shipping label had two dates, 04/24/2026 and 04/27/2026. (See Image #1 below).
- The PTAB obtained the shipping history using FedEx's website and determined that the petition was dropped off at a FedEx location in Barrington on 04/26/2026. (See Image #2 below).
- 06/04/2026–PTAB notifies the appellant that the petition was not timely filed and is dismissed as PTAB lacks jurisdiction.
- 5/28/2026–The appellant filed this Motion to Reinstate. In the motion, the appellant stated that the petition was dropped off at a Walgreens FedEx location on Sunday, 04/26/2026.
- PTAB's Information Technology staff queried the DocuSign administrative console for the filer's name, parcel identification number, and the relevant filing period. It confirmed that no DocuSign envelope was generated for this appeal.
- DocuSign serves as PTAB's third-party vendor for its electronic filing portal. When an appeal is submitted through the e-filing portal, the filer is routed to the DocuSign platform, where an electronic envelope is generated to house the petition and supporting materials. Upon the filer's application of an electronic

signature to the petition, the completed petition, together with any attached documents and evidence, is transmitted electronically from DocuSign to PTAB. Because every appeal filed through the e-filing portal necessarily generates a corresponding DocuSign envelope, the absence of any such envelope establishes that no filing was initiated or completed through PTAB's e-filing portal for this appeal.

- 05/14/2026–PTAB notifies the appellant that the petition was not timely filed and is dismissed as PTAB lacks jurisdiction.
- PTAB's Information Technology staff retrieved the DocuSign envelope history for this appeal. The record reflects that an electronic envelope was generated on March 16, 2026, at 12:05 p.m. and was viewed by the appellant. On April 24, 2026, a link to the envelope was transmitted to the appellant, who opened and viewed the envelope at 6:53 p.m. and 6:54 p.m., respectively. (See Image #3 below). The envelope history reflects no application of an electronic signature to the petition and no electronic transmission of the petition to PTAB; the appellant therefore initiated the envelope but never completed it, and no filing was perfected through PTAB's e-filing portal.
- DocuSign serves as PTAB's third-party vendor for its electronic filing portal. When an appeal is submitted through the e-filing portal, the filer is routed to the DocuSign platform, where an electronic envelope is generated to house the petition and supporting materials. Upon the filer's application of an electronic signature to the petition, the completed petition, together with any attached documents and evidence, is transmitted electronically from DocuSign to PTAB.

Appellants' Motions to Reinstate Appeals and Accept as Timely Filed

On 05/28/2026, the appellants submitted a motion to reinstate each appeal, as follows:

- The appellants compute a filing deadline of 04/24/2026 (30 days after the board of review's final decision transmittal date of 3/25/2026).
- The appellants state they began the e-filing process on 03/16/2026 but did not attempt to e-file the appeals until 04/24/2026. The appellants received an error message to contact the PTAB for a new filing link because more than 30 days had passed. The appellants could not contact the PTAB that day because they were attempting to file after business hours.
- The appellants then decided to mail the petitions. They attempted to drop off at a Walgreens FedEx location on Friday, 04/24/2026, but the location was closed and did not have an after-hours drop box. The appellants did not drop off on Saturday due to other obligations but finally dropped off at a Walgreens FedEx location on Sunday, 04/26/2026.

- The appellants assert their filings have a FedEx shipping label dated 04/24/2026, and they believe this processing date is sufficient to serve as a postmark. The appellants submitted a copy of the tracking label. (Note: The tracking label that the appellant submitted with their Motion to Reinstate is not the same shipping label that was affixed to the FedEx delivery received by PTAB).
- The appellants state a family member passed away on 03/31/2026, requiring numerous trips to Pennsylvania for family obligations.
- The appellants argue the PTAB has discretion to construe its procedural rules liberally. The appellants argue they acted in good faith and no prejudice would result from reinstatement.

Appellant's Requests

On 05/06/2026, the appellant requests subpoenas of witnesses whose testimony the appellant contends is relevant to determining the correct assessment. The appellant seeks subpoenas for the following witnesses (requests to subpoena additional witnesses were withdrawn in the appellant's reply brief):

- Christine Feeney, Libertyville Township Assessor, to testify about the process for applying vacancy relief to commercial properties in the township;
- Nathan Herbst, Chair of Lake County BoR, to testify about the appellant's Vacancy Affidavit and the calculations and purpose of the affidavit; and
- Robert Glueckert, Chief County Assessment Officer, to testify about the appellant's Vacancy Affidavit and the calculations and purpose of the affidavit.

Intervenors' Response

On 05/26/2026, the intervenors object to the subpoena requests, as follows:

- The intervenors argue an affidavit is required under Section 1910.68(a) of the Board's rules (86 Ill. Adm. Code § 1910.68(a)) to show the necessity of the information to determine the subject's market value.
- The intervenors contend that the appellant seeks testimony relating to assessment procedures and to the authentication of documents, which are not necessary to determine the subject's market value.
- The intervenors point out that vacancy is not a basis for appeal before the PTAB under Section 1910.65(c) of the Board's rules (86 Ill. Adm. Code § 1910.65(c)). The intervenors cite *Moroney v. Ill. Prop. Tax Appeal Bd.*, 2013 IL App (1st) 120493, ¶42, to support their contention that vacancy is not a basis for appeal.

Appellant's Replies

On 05/28/2026, the appellant replies to the intervenors' objections, as follows:

- The appellant contends that its vacancy evidence supports, but does not substitute for, its market value evidence.
- The appellant asserts that witnesses are needed to authenticate county records, establish the county's procedures, demonstrate how the board treated the appellant's vacancy evidence of review, and establish whether the county applies vacancy relief uniformly. The appellant contends that authentication of documents is a proper purpose for a subpoena request.
- The appellant contends the *Moroney* case supports issuance of the subpoenas as the court found the appellant in that case did not submit evidence of the county's procedures.
- The appellant asserts the Board's decision in PTAB Docket No. 05-20619, concerning two vacant properties that were treated differently for improvement assessment purposes, supports vacancy uniformity as a basis for relief before the Board.

- The appellant argues that the affidavit requirement under Section 1910.68(a) applies only when documents or witnesses are subpoenaed from the owner or taxpayer. If the affidavit is determined to be required, the appellant requests a chance to amend the request to include the affidavit.

- The appellants acknowledge that they did not timely provide the missing information in response to incomplete notices and that this information was required.

BoR's Decision Date:	02/26/2025
Date Admin. Defaulted:	n/a
Notes/Evidence Filed Timely:	n/a
Date BoR Certified Notice to Taxing Districts:	n/a

Relevant Facts

- 09/02/2025–The appellant timely files its evidence, consisting of equity comparables and a brief contending lack of uniformity arguing the correct assessed value is \$611,196.

Cook County BoR's Motion

On 05/29/2026, the Cook County BoR filed the motion to dismiss, as follows:

- The Cook County BoR argues the appellant has not met the burden of going forward as its requested assessment is not supported by its evidence. The Cook County BoR explains that the subject is a Class 3-91 property with a level of assessment of 10%. The Cook County BoR computes an average of \$62.73 per square foot based on the appellant's comparables and a market value of \$6,115,965 for the subject. The Cook County BoR argues the appellant's requested assessment does not reflect this market value.
- The Cook County BoR contends the lower requested assessment was made for the purpose of circumventing notice to taxing districts. The appellant has requested approximately \$1 less than the \$100,000 threshold for notifying taxing districts.

County Information Docket No. 24-54257.001 thru .009-C-1:

County Board of Review (BoR):	Cook
BoR's Decision Date:	03/31/2025
Date Admin. Defaulted:	n/a
Notes/Evidence Filed Timely:	n/a
Date BoR Certified Notice to Taxing Districts:	n/a

Relevant Facts

- 08/11/2025–The appellant timely files its evidence, consisting of an appraisal estimating a value for the real estate of \$7,440,000 and a value for the going concern of \$9,850,000 as of 03/01/2022; and a settlement statement for a sale of the subject on 07/01/2023 for \$8,850,000.

Cook County BoR's Motion

On 06/01/2026, the Cook County BoR filed the motion to dismiss, as follows:

- The Cook County BoR argues the appellant has not met the burden of going forward as its requested assessment is not supported by its evidence. The Cook County BoR explains that the subject is a Class 5-97 and a Class 5-90 property with some vacant land classified as Class 1-00, resulting in a blended level of assessment of 24.633%. The requested assessment does not correspond to the appraised value conclusion of 24.633%.
- The Cook County BoR contends the difference between the requested assessment and the appraised value conclusion was made for the purpose of circumventing notice to taxing districts. The appellant has requested approximately \$1,000 less than the threshold of \$100,000 for notifying taxing districts.
- The Cook County BoR further argues deficiencies in the appellant's appraisal and asserts the appellant did not select a recent sale as a basis for the appeal.
