

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Luis Rodriguez
DOCKET NO.: 03-26274.001-R-1
PARCEL NO.: 14-18-405-003-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Luis Rodriguez, the appellant, by attorney Arnold G. Siegel of Chicago and the Cook County Board of Review.

The subject property consists of a 105-year-old, two-story single-family dwelling of frame construction containing 1,584 square feet of living area and located in Lakeview Township, Cook County. The residence contains two and one-half bathrooms, a full basement, a fireplace and no garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered seven suggested comparable properties located within four blocks of the subject. These properties consist of two-story single-family dwellings of frame, masonry or stucco construction and range in age from 97 to 110 years. The comparables have one or two bathrooms with some half-baths and full basements. Two homes are air-conditioned and one has a fireplace. Four sites have one or two-car garages. The comparables contain between 1,496 and 1,882 square feet of living area and have improvement assessments ranging from \$26,329 to \$40,113 or from \$14.92 to \$22.30 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$41,832, or \$26.41 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within a quarter mile of the subject. The comparables consist of two-story single-family dwellings of frame construction and range in age from 95 to 105 years. The comparables contain one or one and one half-baths,

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

full basements; one has a fireplace and all have two-car garages. The comparables range in size from 1,556 to 1,658 square feet of living area and have improvement assessments of between \$44,620 and \$46,345 or from \$27.74 to \$29.79 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds the board's three comparables and the appellant's comparables six and seven are the comparables most similar to the subject. These properties have improvement assessments ranging from \$17.60 to \$29.79 per square foot of living area. The subject's per square foot improvement assessment of \$26.41 is within this range of properties. The PTAB affords less weight to the appellant's remaining comparables because they are less similar to the subject in living area or construction. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
