

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Louis Kiessling
DOCKET NO.: 04-23996.001-R-1
PARCEL NO.: 18-29-202-021

The parties of record before the Property Tax Appeal Board are Louis Kiessling, the appellant, by attorney Adam Bossov in Chicago; and the Cook County Board of Review.

The subject property consists of an 51,139 square foot parcel of land improved with a four-year old, two-story, masonry, single-family dwelling containing 5,131 square feet of living area, two and one-half baths, air conditioning, a fireplace, and a full, unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of five properties suggested as comparable and located neighborhoods near the subject. The properties are described as two-story, masonry, single-family dwellings with between two and one-half and four and one-half baths and one and three fireplaces. Air conditioning and basement information were not provided. The properties range: in age from seven to 10 years; in size from 5,092 to 6,109 square feet of living area; and in improvement assessments from \$12.05 to \$14.80 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$94,254 or \$18.37 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	6,574
IMPR.:	\$	75,939
TOTAL:	\$	82,513

Subject only to the State multiplier as applicable.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The appellant submitted a total of five properties suggested as comparable to the subject. The PTAB finds these comparables are similar to the subject in design, size, construction, and age. These properties are masonry, two-story, single-family dwellings located near the subject. The properties range: in age from seven to 10 years; in size from 5,092 to 6,109 square feet of living area and in improvement assessments from \$12.05 to \$14.80 per square foot of living area. In comparison, the subject's improvement assessment of \$18.37 per square foot of living area is above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
