

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Leo Birov
DOCKET NO.: 04-26096.001-R-2
PARCEL NO.: 05-16-106-072-0000

The parties of record before the Property Tax Appeal Board are Leo Birov, the appellant, by attorney Mitchell L. Klein of Schiller, Klein & McElroy, P.C., in Chicago, and the Cook County Board of Review.

The subject property is improved with a 6 year-old, two-story masonry dwelling that contains 6,752 square feet of living area. The property is located in Winnetka, New Trier Township, Cook County.

The appellant in this appeal submitted documentation to demonstrate that the subject property's improvement was being inequitably assessed. The appellant submitted data on four comparable properties. The comparables ranged in size from 5,800 to 7,568 square feet of living area and had improvement assessments ranging from \$142,965 to \$225,684 or from \$24.65 to \$36.00 per square foot of living area. The appellant also submitted the final decision issued by the Cook County Board of Review wherein the subject's total assessment of \$433,901 was disclosed. The appellant indicated the subject had an improvement assessment of \$362,792 or \$53.74 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$188,380 or \$27.90 per square foot of living area.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	71,109
IMPR.:	\$	188,380
TOTAL:	\$	259,489

Subject only to the State multiplier as applicable.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further

finds the evidence in the record supports a reduction in the subject's assessment.

The appellant argued assessment inequity in the subject's improvement assessment. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data the Board finds a reduction is warranted.

The Board finds the only evidence pertaining to the uniformity of the subject's improvement assessment was submitted by the appellant. The appellant provided data on four comparables. The comparables ranged in size from 5,800 to 7,568 square feet of living area and had improvement assessments ranging from \$142,965 to \$225,684 or from \$24.65 to \$36.00 per square foot of living area. The appellant's evidence disclosed the subject had an improvement assessment of \$362,792 or \$53.74 per square foot of living area, which is above the range established by the comparables. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the evidence presented by the appellant as required by section 1910.40(a) of the rules of the Property Tax Appeal Board. The Board has examined the information submitted by the appellant and finds, based on this evidence that was not refuted, a reduction in the assessed valuation of the subject property's improvement is justified.
