

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Emin Tuluce  
DOCKET NO.: 06-22469.001-R-1  
PARCEL NO.: 08-10-109-017-0000

The parties of record before the Property Tax Appeal Board are Emin Tuluce, the appellant, by attorney Brian P. Liston, of Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$4,291  
IMPR.: \$34,030  
TOTAL: \$38,321**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a 2-story dwelling of masonry construction containing 2,135 square feet of living area. The dwelling is 1 year old. Features of the home include a full, unfinished basement, central air conditioning and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process<sup>1</sup>. The appellant submitted information on four comparable properties described as 2-story frame, masonry, or frame and masonry dwellings either 13 or 15 years old. The comparable dwellings range in size from 3,121 to 3,583 square feet of living area. All comparables feature full, unfinished basements, central air conditioning, 1 or 2 fireplaces and 2 or 3½-car garages. The comparables have improvement assessments ranging from \$11.54 to \$12.41 per square foot of living area. The subject's improvement assessment is \$15.94 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

---

<sup>1</sup> Although the appellant checked "Comparable Sales" on the Residential Appeal Form, no sales data was provided. This appeal is therefore being treated as an "Assessment Equity" appeal.

The board of review presented descriptions and assessment information on three comparable properties consisting of 2-story frame or frame and masonry dwellings that range in age from 7 to 29 years old. The dwellings range in size from 2,362 to 2,551 square feet of living area. All comparables feature full, unfinished basements, fireplaces and 2-car garages. Two have central air conditioning. These properties have improvement assessments ranging from \$16.14 to \$17.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal (See footnote #1). Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

All four comparables submitted by the appellant were much larger than the subject. Comparables #2 and #3 submitted by the board of review were much older than the subject. Therefore, these six comparables received less weight in the Board's analysis. The Board finds comparable #1 submitted by the board of review was most similar to the subject in size, style, exterior construction, features and age. Due to its similarity to the subject, this comparable received the most weight in the Board's analysis. This comparable had an improvement assessment of \$17.43 per square foot of living area. The subject's improvement assessment of \$15.94 per square foot of living area is less than this most similar comparable. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
