

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Brennan  
DOCKET NO.: 06-24367.001-R-1  
PARCEL NO.: 18-09-220-010-0000

The parties of record before the Property Tax Appeal Board are Richard Brennan, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$6,174  
IMPR.:   \$27,673  
TOTAL:   \$33,847**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame and masonry construction containing 1607 square feet of living area. The dwelling is 52 years old. Features of the home include a full, unfinished basement and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame and masonry dwellings that range in age from one to 59 years old. The comparable dwellings range in size from 1680 to 1980 square feet of living area. Two have central air conditioning, one has a fireplace and one has a full, unfinished basement. The comparables have improvement assessments ranging from \$6.82 to \$17.22 per square foot of living area. The subject's improvement assessment is \$20.23 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-

story masonry dwellings that are 59 or 60 years old. The dwellings range in size from 1501 to 1634 square feet of living area. Features include full or partial, unfinished basements and one-car or two-car garages. Two have fireplaces. These properties have improvement assessments ranging from \$20.69 to \$21.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant were most similar to the subject in exterior construction. Also, the Board finds the appellant's comparable #1 was dissimilar to the subject in age. Due to their similarities to the subject, the appellant's comparables #2 and #3 received the most weight in the Board's analysis. These comparables had improvement assessments of \$16.69 and \$17.22 per square foot of living area. The subject's improvement assessment of \$20.23 per square foot of living area is above the range established by the most similar comparables and is below the \$17.22 per square foot assessment of the appellant's comparable #3 which appears from its address to be located closest to the subject. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
