

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Thomas Wiscomb
DOCKET NO.: 06-24800.001-R-1
PARCEL NO.: 05-27-308-020-0000

The parties of record before the Property Tax Appeal Board are Thomas Wiscomb, the appellant, by attorney Julie Realmuto of McCarthy and Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 95-year old, two-story style dwelling of frame construction containing 3,166 square feet of living area with a partial, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration four comparable properties described as two-story frame dwellings that range in age from 83 to 111 years old. The comparables contain from 2,414 to 3,607 square feet of living area and have improvement assessments ranging from \$16.37 to \$17.48 per square foot. The subject's improvement assessment is \$26.10 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story stucco or masonry dwellings that range in age from 76 to 94 years old. The dwellings contain from 2,922 to 3,234 square feet of living area and have improvement assessments ranging from \$27.08 to \$45.31 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. (Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	34,988
IMPR.:	\$	82,623
TOTAL:	\$	117,611

Subject only to the State multiplier as applicable.

PTAB/BRW/Aug.08/06-24800

Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds that despite some differences the comparable numbered three by the appellant and the comparables numbered two, three and four by the board of review were the most similar to the subject in age, size, design, and/or exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$17.24 to \$33.69 per square foot of living area. The subject's improvement assessment of \$26.10 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
