

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Lally  
DOCKET NO.: 06-25431.001-R-1  
PARCEL NO.: 14-29-103-017-0000

The parties of record before the Property Tax Appeal Board are John Lally, the appellant, by attorney Patrick J. Cullerton, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$15,249  
IMPR: \$86,876  
TOTAL: \$102,125**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a 3-story multi-family dwelling of masonry construction containing 4,807 square feet of living area. The dwelling is 13 years old. Features of the building include a full, finished basement, central air conditioning and 4 fireplaces.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as 2 or 3-story frame or masonry multi-family dwellings that range in age from 7 to 20 years old. The comparable dwellings range in size from 4,379 to 5,726 square feet of living area. All comparables feature full basements, three of which are finished. All have central air conditioning. Three comparables feature 2-car garages and one has 3 fireplaces. The comparables have improvement assessments ranging from \$16.91 to \$18.61 per square foot of living area. The subject's improvement assessment is \$18.07 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of 3-story masonry multi-family dwellings that range in age from 7 to 16 years old. The dwellings range in size from 4,059 to 5,027 square feet of living area. Three comparables feature full, finished basements, and one is on a slab foundation. Two comparables have 2 or 3 fireplaces and two have 2 or 3-car garages. All four comparables have central air conditioning. These properties have improvement assessments ranging from \$18.26 to \$24.15 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Appellant's comparable #1 and board of review's comparable #4 differed significantly from the subject in size. Comparable #4 submitted by the appellant was a 2-story frame dwelling and comparable #2 submitted by the board of review lacked a basement. Therefore, these four comparables received less weight in the Board's analysis. The Board finds comparables #2 and #3 submitted by the appellant and comparables #1 and #3 submitted by the board of review were most similar to the subject in size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$17.22 to \$20.93 per square foot of living area. The subject's improvement assessment of \$18.07 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
