

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Peter Kelly
DOCKET NO.: 06-28431.001-R-1
PARCEL NO.: 05-18-400-007-0000

The parties of record before the Property Tax Appeal Board are Peter Kelly, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a four-year old, two-story style dwelling of frame construction containing 5,846 square feet of living area with a full, unfinished basement, central air conditioning, four fireplaces, and a three-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame, stucco, or frame and masonry dwellings that range in age from one to 52 years old. The comparable dwellings range in size from 5,224 to 6,419 square feet of living area and have improvement assessments ranging from \$22.72 to \$28.53 per square foot of living area. The subject's improvement assessment is \$32.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame or masonry dwellings that are each one year old. The dwellings range in size from 5,042 to 6,217 square feet of living area and have improvement assessments ranging from \$3.34 to \$41.34 per square foot of living area. The comparable assessed at \$3.34 per square foot reflects a partial assessment for new construction. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	26,136
IMPR.:	\$	191,394
TOTAL:	\$	217,530

Subject only to the State multiplier as applicable.

finds that a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The appellant's comparables numbered one and two differed from the subject in age and exterior construction. The board of review's comparable four also differed from the subject in exterior construction. The 2006 improvement assessment for the board of review's comparable two reflects a partial assessment for new construction. As a result, these comparables received reduced weight in the Board's analysis. The Board finds that the appellant's comparable three and the board of review's comparables one and three were very similar to the subject in age, design, and exterior construction and were generally similar to the subject in size. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$28.53 to \$41.34 per square foot of living area. The subject's improvement assessment of \$32.74 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
