

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Grace Sergio
DOCKET NO.: 06-30055.001-R-1
PARCEL NO.: 12-23-426-032-0000

The parties of record before the Property Tax Appeal Board are Grace Sergio, the appellant, by attorney Lisa A. Marino of Marino & Assoc., PC of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,791
IMPR.: \$ 27,208
TOTAL: \$ 33,999

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of masonry construction containing 1,558 square feet of living area. The dwelling is 58 years old and has a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story frame dwellings that range in age from 52 to 80 years old. Two of the appellant's comparables are located on the same block as the subject, and the other two are located one and three blocks from the subject property. The comparable dwellings contain either 1,650 or 1,760 square feet of living area. Each comparable has a full, unfinished basement, and two have garages. The comparables have improvement assessments ranging from \$15.86 to \$16.25 per square foot of living area. The subject's improvement assessment is \$17.46 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on two comparable properties consisting of one-story

masonry dwellings that are each 54 years old. The dwellings are located in the same general area as the subject, and they contain 1,606 and 1,636 square feet of living area. Both comparables have full, unfinished basements and central air conditioning. One of the dwellings has a garage. These properties have improvement assessments of \$18.57 and \$18.59 per square foot of living area. The board of review's evidence also indicated that the subject sold for \$302,617 in May 2003. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Both parties presented assessment data on a total of six equity comparables. The appellant's comparables differed from the subject in exterior construction; the comparables numbered one and two were much older than the subject; and the comparables numbered one, three, and four were somewhat larger. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the comparables submitted by the board of review were most similar to the subject in age, size, style, and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$18.57 and \$18.59 per square foot of living area. The subject's improvement assessment of \$17.46 per square foot of living area falls below these amounts. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
