

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcel Neumann
DOCKET NO.: 07-24493.001-R-1
PARCEL NO.: 10-33-423-026-0000

The parties of record before the Property Tax Appeal Board are Marcel Neumann, the appellant, by attorney Scott M. Shudnow of Shudnow & Shudnow, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 15,840
IMPR.: \$ 47,934
TOTAL: \$ 63,774

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry construction containing 3,403 square feet of living area. The dwelling is 33 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car attached garage. The dwelling is located in Lincolnwood, Niles Township, Cook County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted an appraisal report in which a market value of \$635,200 was estimated for the subject property as of January 1, 2007. The appraiser developed the sales comparison approach and the cost approach but gave primary emphasis to the sales comparison approach for estimating the market value of the subject property. Using the cost approach, the appraiser estimated a market value of \$641,528. Under the sales comparison approach, the appraiser considered three comparable properties that sold from March 2005 through November 2006 for prices that ranged from \$460,000 to \$720,000. The comparable properties are improved with two-story masonry dwellings that are either 51 or 66 years old and range in size from 2,829 to 3,235 square feet of living area. After identifying differences between the comparable properties and the

subject, the appraiser made adjustments to the sale prices. As a result, the adjusted sale prices of the comparable properties ranged from \$525,000 to \$686,500. In the brief, the appellant's counsel requested that the 2006 three-year median level of assessments on class 2 property of 10.12% in Cook County be applied to the appraiser's finding of market value and that the subject's total assessment be reduced to \$64,282.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$95,319 was disclosed. The subject's assessment reflects a market value of \$949,392 or \$277.84 per square foot of living area, land included, using the 2007 three-year median level of assessments for Cook County Real Property Assessment Classification Ordinance Class 2 property of 10.04% as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code 1910.59(c)(2)).

The board of review presented no market value evidence. Instead, the board of review presented descriptions and assessment information on four comparable properties consisting of two-story masonry dwellings that range from 30 to 53 years old. The comparables have the same assigned neighborhood and classification codes as the subject. The dwellings range in size from 3,390 to 3,734 square feet of living area, and two are described as being deluxe quality. One dwelling has a partial finished basement; and three have unfinished basements, either full or partial. Each comparable has central air conditioning, one or two fireplaces, and a garage. These properties have improvement assessments ranging from \$12.13 to \$25.03 per square foot of living area. The comparable assessment at \$12.13 per square foot of living area has a 50% prorated assessment, indicating an assessment of \$24.26 at 100%. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant's attorney noted that the board of review had not addressed the appellant's market value evidence. Counsel also requested that the 2007 three-year median level of assessments on class 2 property of 10.04% in Cook County be applied to the appraiser's finding of market value and that the subject's total assessment be reduced to \$63,774.

After reviewing the record and considering the evidence, the Board finds it has jurisdiction over the parties and the subject matter of the appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of market value may consist of an appraisal of the subject property, a recent sale of the subject property or comparable sales. (86 Ill.Admin.Code

1910.65(c)). After an analysis of the evidence in the record, the Board finds a reduction in the subject's assessment is warranted.

The Board finds the appellant's appraisal report is the best evidence of the subject's market value as of the January 1, 2007 assessment date. The appraiser estimated a market value of \$635,200 for the subject property as of January 1, 2007. The subject's assessment reflects a market value of \$949,392 and is in excess of the market value estimate contained in the appraisal report. The board of review submitted four equity comparables but did not address the overvaluation argument. Based on this record, the Board finds the subject has a market value of \$635,200 as of January 1, 2007, and the 2007 three-year median level of assessments for Cook County Real Property Assessment Classification Ordinance Class 2 property of 10.04% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code 1910.59(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING: _____

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: April 22, 2011

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
