

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James W. Lourgos
DOCKET NO.: 08-24221.001-R-1
PARCEL NO.: 14-33-400-001-0000

The parties of record before the Property Tax Appeal Board are James W. Lourgos, the appellant(s), by attorney Patrick J. Cullerton, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 13,760
IMPR.: \$ 74,243
TOTAL: \$ 88,003

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 1,313 square feet of land, which is improved with a 113 year old, three-story, masonry, mixed-use building. The subject's improvement size is 4,183 square feet of building area, which equates to an improvement assessment of \$17.75 per square foot of building area. Its total assessment is \$88,003, which yields a fair market value of \$916,698, or \$219.15 per square foot of building area (including land), after applying the 2008 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 9.60%. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement, and also that the fair market value of the subject property was not accurately reflected in its assessed value as the bases of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as three-story, masonry, mixed-use buildings. Additionally, the comparables range: in age from 106 to 118 years; in size from 4,350 to 4,872 square feet of building area; and in improvement assessments from \$7.10 to \$15.21 per square foot of building area. All of the comparables are being reviewed

by the Cook County Assessor's Office for possible improvements. The comparables also have various amenities.

In support of the market value argument, the appellant submitted an income analysis for the subject property. The analyst estimated a fair market value for the subject of \$421,851 based on the income approach to value. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total assessment of \$88,003 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as three-story, masonry, mixed-use buildings. Additionally, the comparables range: in age from 101 to 119 years; in size from 2,520 to 3,864 square feet of building area; and in improvement assessments from \$18.61 to \$26.57 per square foot of building area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant reaffirmed the evidence previously submitted, and argued that the comparables submitted by the board of review were not similar to the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is not warranted based on market value.

The appellant submitted documentation showing the income of the subject property. The Board gives the appellant's argument little weight. In Springfield Marine Bank v. Prop. Tax Appeal Bd., 44 Ill. 2d 428 (1970), the Illinois Supreme Court stated:

[I]t is clearly the value of the "tract or lot of real property" which is assessed, rather than the value of

the interest presently held. . . [R]ental income may of course be a relevant factor. However, it cannot be the controlling factor, particularly where it is admittedly misleading as to the fair cash value of the property involved. . . [E]arning capacity is properly regarded as the most significant element in arriving at "fair cash value". Many factors may prevent a property owner from realizing an income from property that accurately reflects its true earning capacity; but it is the capacity for earning income, rather than the income actually derived, which reflects "fair cash value" for taxation purposes.

Id. at 431.

As the Court stated, actual expenses and income can be useful when shown that they are reflective of the market. Although the appellant made this argument, the appellant did not demonstrate, through an expert in real estate valuation, that the subject's actual income and expenses are reflective of the market. To demonstrate or estimate the subject's market value using income, one must establish, through the use of market data, the market rent, vacancy and collection losses, and expenses to arrive at a net operating income reflective of the market and the property's capacity for earning income. The appellant did not provide such evidence and, therefore, the Board gives this argument no weight.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that Comparable #1 submitted by the board of review was most similar to the subject in location, size, style, exterior construction, features, and/or age. The appellant's comparables were all given little weight in the Board's decision because they are currently being reviewed for possible improvements. As such, the Board finds that the appellant has not met the burden of clear and convincing evidence, as there is

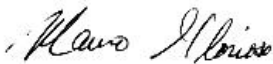

no range of equity comparables with which to compare the subject. Therefore, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING: _____

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: April 18, 2014

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
