

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Terminal Corporation  
DOCKET NO.: 08-24423.001-I-1  
PARCEL NO.: 19-04-300-027-0000

The parties of record before the Property Tax Appeal Board are Terminal Corporation, the appellant, by attorney Michael E. Crane, of Crane and Norcross in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 95,861  
**IMPR.:** \$ 264,139  
**TOTAL:** \$ 360,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2008 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 55-year old, one-story, masonry, industrial building used as a truck terminal. The property is located in Stickney Township, Cook County. The subject is classified as a class 5-93, industrial property under

the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$1,000,000 as of January 1, 2008, while developing all three of the traditional approaches to value. An inspection of the subject on August 19, 2008 resulted in a building size of 20,415 square feet sited on a 151,711 square feet of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$404,997. The subject's assessment reflects a market value of \$1,124,992, including land, when applying the 2008 level of assessment for class 5-93, industrial property under the Cook County Real Property Assessment Classification Ordinance of 36%. The board of review's notes reflect that the subject included 19,355 square feet of building area sited on 152,161 square feet of land.

In support of its contention of the correct assessment, the board of review submitted raw, unadjusted sales information on four suggested comparable sales.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value as well as building and land size to be the *appraisal submitted by the appellant*. The Board finds the subject property had a market value of \$1,000,000 as of the assessment date at issue. Since market value has been established the 2008 level of assessment for class 5-93, industrial property under the Cook County Real Property Assessment Classification Ordinance of 36% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).
