

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann Rainey
DOCKET NO.: 09-20630.001-R-1
PARCEL NO.: 10-25-220-122-0000

The parties of record before the Property Tax Appeal Board are Ann Rainey, the appellant, by attorney Patrick J. Cullerton, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,642
IMPR: \$ 36,193
TOTAL: \$ 45,835

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of 10,150 square feet of land improved with a 56-year old, two-story, single-family dwelling of frame and masonry construction. Features of the home include: a partial basement, central air conditioning, one fireplace and a two-car garage. The property is located in

Evanston Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$515,000 as of January 1, 2007, while developing the cost and sales comparison approaches to value. After an interior inspection on December 7, 2007, the appraisal estimated an improvement size of 2,939 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,600. The subject's assessment reflects a market value of \$759,551 or \$262.00 per square foot of living area, including land, using 2,899 square feet and when applying the 2009 three year median level of assessment for class 2 property of 8.90% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted descriptive and assessment information on four suggested equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the *appraisal submitted by the appellant*. The Board finds the subject property had a market value of \$515,000 as of the assessment date at issue. Since market value has been established the 2009 three year median level of assessment for class 2 property of 8.90% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).
