

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mitchell Joseph
DOCKET NO.: 09-20839.001-R-1
PARCEL NO.: 10-13-211-014-0000

The parties of record before the Property Tax Appeal Board are Mitchell Joseph, the appellant, by attorney Anita B. Mauro, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,750
IMPR.: \$45,979
TOTAL: \$52,729

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property has a 7,500 square foot site improved with two buildings. Improvement #1 is a 114-year-old, two-story, dwelling of masonry construction, containing 2,136 square feet of living area, and featuring three units. Improvement #2 is a 59-year-old, one-story, dwelling of frame construction, containing 706 square feet of living area.

The property is located in Evanston Township, Cook County. Both improvements are classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six suggested equity comparables for improvement #1 and four suggested equity comparables for improvement #2.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,729. The subject property has an improvement assessment of \$45,979. The board of review's evidence indicates that the improvement assessment for improvement #1 is \$32,857 or \$15.38 per square foot of living area, and \$13,122 or \$18.59 per square foot of living area for improvement #2. In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables for each improvement.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not warranted*.

The Board finds the best evidence of assessment equity for improvement #1 to be appellant's comparables #1 through #6, and the board of review's comparables #1, #3, and #4. These comparables had improvement assessments that ranged from \$6.25 to \$16.52 per square foot of living area. Improvement #1's improvement assessment of \$15.38 per square foot of living area falls below the range established by the best comparables in this record.

The Board finds the best evidence of assessment equity for improvement #2 to be the appellant's comparables #3 and #4 and the board of review's comparables #2 through #4. These comparables had improvement assessment that ranged from \$16.26 to \$23.90 per square foot of living area. Improvement #2's improvement assessment of \$18.59 per square foot of living area falls below the range established by the best comparables in this record.

Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not justified*.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
