

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: North Community Bank  
DOCKET NO.: 09-23765.001-R-1  
PARCEL NO.: 13-09-404-018-0000

The parties of record before the Property Tax Appeal Board are North Community Bank, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,000  
**IMPR.:** \$60,937  
**TOTAL:** \$70,937

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story building of masonry construction with both a retail storefront and residential use. The subject has 8,217 square feet of building area and is 7

years old. The property has a 6,250 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-12 mixed use property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted limited information on four comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,571. The subject's assessment reflects a market value of \$795,710 or \$96.84 per square foot of building area, including land, when applying the Cook County level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables.

The board of review's submission included a list of 14 sales that occurred from June 1990 to September 2007 for prices ranging from \$148,000 to approximately \$835,000. No other information regarding the characteristics of the sale properties was submitted for analysis.

#### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparable sales #1, #2 and #4. These comparables had various similarities to the subject based on the limited information submitted by the appellant. The Board gave less weight to the appellant's comparable #3 due to its sale occurring greater than 21 months prior to the January 1, 2009 assessment date at issue. The Board gave less weight to the equity comparables presented by the board of review. The Board finds this evidence is not responsive to the overvaluation

argument made by the appellant. The Board also gave less weight to the board of review's list of 14 sales, as the information submitted did not include property characteristics necessary when analyzing these properties' comparability to the subject. The best sales occurred from July to October 2008 for prices ranging from \$331,000 to \$648,000 or from \$41.38 to \$86.33 per square foot of building area, including land. The subject's assessment reflects a market value of \$795,710 or \$96.84 per square foot of building area including land, which falls above the range established by the best comparables in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
