

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike Mulqueen
DOCKET NO.: 09-24143.001-R-1
PARCEL NO.: 31-24-101-055-0000

The parties of record before the Property Tax Appeal Board are Mike Mulqueen, the appellant(s), by attorney Edward M. Burke, of Klafter & Burke in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,611
IMPR.: \$ 30,610
TOTAL: \$ 36,221

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with 3,757 square feet of living area of frame construction. The dwelling was constructed in 1994. Features of the home include a full basement, central air conditioning, a fireplace and a three-car

garage. The property has a 14,964 square foot site and is located in Rich Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. Two of the sales are foreclosure sales and one of the sales is a short sale.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,221. The subject's assessment reflects a market value of \$406,978 or \$108.33 per square foot of living area, including land, when applying the 2009 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.90% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review also submitted a list of twenty sales of class 2-78 properties that are located within the subject's neighborhood. The list does not contain the living area of the comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant has not met the burden of proving by a preponderance of the evidence that the subject is overvalued. Two of the appellant's comparable sales are foreclosure sales and one of the appellant's sales is a short sale. The Board finds that these sales do not necessarily reflect market prices. The Board finds that appellant's comparable #4 reflects a market price; however, the Board finds one comparable is insufficient to prove by a preponderance of

the evidence that the subject is overvalued. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
