

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chester Jandura  
DOCKET NO.: 09-25230.001-R-1  
PARCEL NO.: 13-29-408-014-0000

The parties of record before the Property Tax Appeal Board are Chester Jandura, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$4,683  
IMPR.: \$8,367  
TOTAL: \$13,050**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 52 years old and has 2,488 square feet of living area. Features include two apartment units, a full unfinished basement a two-car garage. The property has a 3,903 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 29, 2009 for a price of \$130,500. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,688. The subject's assessment reflects a market value of \$389,753 or \$156.65 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.9% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparables to demonstrate the subject was equitably assessed. The board of review provided a sale price for one of these comparables. Comparable #3 sold in August 2006 for a price of \$442,000.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2009 for a price of \$130,500. The appellant provided evidence demonstrating the sale had some of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold by the owner, and the seller's mortgage was not assumed. In further support of the transaction, the appellant submitted a copy of the settlement statement, which revealed that a realty firm was involved in the transaction. The Board finds the purchase price is below the market value reflected by the assessment.

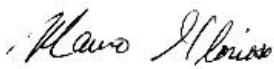

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the purchase price was reflective of market value. The board of review provided a sale price for one of its equity comparables. Board of review comparable #3 sold in August 2006, which was not as proximate in time to the assessment date at issue as the subject's September 2009 sale. As a result, the Board gave the board of review's market value evidence little weight. The Board finds that a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
