

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pasqualino Colella  
DOCKET NO.: 09-26228.001-R-1  
PARCEL NO.: 12-25-402-038-0000

The parties of record before the Property Tax Appeal Board are Pasqualino Colella, the appellant, by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 3,931  
IMPR.: \$21,879  
TOTAL: \$25,810**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is 53 years old, and consists of a two-story dwelling of masonry construction containing 2,975 square feet of living area. Features of the home include a full

basement and a two-car garage. The property has a 4,625 square foot site and is located in Leyden Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on September 25, 2009 for a price of \$290,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,686. The subject's assessment reflects a market value of \$412,202 or \$138.56 per square foot of living area, when using the board of review's indicated size of 2,975 square feet and when using the 2009 three-year median level of assessment of 8.90% for class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables.

In rebuttal, the appellant reaffirmed the purchase was at arm's-length.

### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September, 2009 for a price of \$290,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant disclosed the parties to the transaction were not related, the property was sold using a Realtor, and the property had been advertised on the Multiple Listing Service. In further

support of the transaction, the appellant submitted a copy of the sales contract, the settlement statement, the Warranty Deed, and the Multiple Listing Service listing. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$290,000 as of January 1, 2009. Since market value has been determined, the 2009 three-year median level of assessment of 8.90% for class 2 property as determined by the Illinois Department of Revenue shall apply (86 Ill.Admin.Code §1910.50(c)(2)).

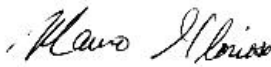

Based on this record, the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
