

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Burke  
DOCKET NO.: 09-27562.001-R-1  
PARCEL NO.: 07-35-105-005-0000

The parties of record before the Property Tax Appeal Board are James Burke, the appellant(s), by attorney John P. Sullivan, of Law Offices of John P. Sullivan, LLC. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 5,209  
**IMPR:** \$ 65,101  
**TOTAL:** \$ 70,310

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling with 4,545 square feet of living area of frame and masonry construction. The dwelling was constructed in 2007. Features of the home

include a full basement, central air conditioning, two fireplaces and a three-car garage. The property has a 20,836 square foot site and is located in Schaumburg Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the overvaluation argument, the appellant submitted an appraisal estimating the subject property had a market value of \$790,000 as of August 3, 2009. In support of the assessment inequity argument, the appellant submitted three comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,187. The subject's assessment reflects a market value of \$932,449 or \$203.18 per square foot of living area, including land, when applying the 2009 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.90% as determined by the Illinois Department of Revenue. The subject's improvement assessment is \$76,978, or 16.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Comparable three sold in January 2007 for a price of \$905,500, or \$208.21 per square foot of living area, including land.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and the board of review's comparables #2, and #3. These comparables had improvement assessments that ranged from \$16.24 to \$18.68 per square foot of living area. The subject's improvement assessment of \$16.94 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$790,000 as of the assessment date at issue. Since market value has been established the 2009 level of assessment for class 2 property 8.90% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
