

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aaron Reesh
DOCKET NO.: 09-27788.001-R-1
PARCEL NO.: 02-16-201-023-0000

The parties of record before the Property Tax Appeal Board are Aaron Reesh, the appellant, by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,873
IMPR.: \$20,387
TOTAL: \$30,260

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is three years old, and consists of a two-story dwelling of frame and masonry construction containing 2,476 square feet of living area. Features of the home include

a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 4,488 square foot site and is located in Palatine Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted the settlement statement, Special Warranty Deed and real estate contract disclosing the subject property was purchased on May 13, 2008 for a price of \$340,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,953. The subject's assessment reflects a market value of \$505,090 or \$203.99 per square foot of living area, when using the board of review's indicated size of 2,476 square feet and when using the 2009 three-year median level of assessment of 8.90% for class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparable and one sale comparable that occurred on April 1, 2008 for \$375,000 for a property with similar characteristics as the subject, with 2,862 square feet of living area or \$131.02 per square foot.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in May, 2008 for a price of \$340,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The property was sold using a Realtor, the property had been

advertised on the Multiple Listing Service and it had been on the market for four months. In further support of the transaction, the appellant submitted a copy of the sales contract, the settlement statement and a Special Warranty Deed. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$340,000 as of January 1, 2009. Since market value has been determined, the 2009 three-year median level of assessment of 8.90% for class 2 property as determined by the Illinois Department of Revenue shall apply (86 Ill.Admin.Code §1910.50(c)(2)).

Based on this record, the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
