

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Voltl
DOCKET NO.: 09-27925.001-R-1
PARCEL NO.: 02-29-402-001-0000

The parties of record before the Property Tax Appeal Board are Robert Voltl, the appellant, by attorney Francis W. O'Malley, of Worsek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,356
IMPR.: \$42,438
TOTAL: \$46,794

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with 2,258 square feet of living area of frame construction. Features of the home include a full basement and a fireplace. The property has a 21,780 square foot site and is located in Palatine

Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a Comparative Market Analysis (CMA) estimating the market value of the subject property at \$325,000. The CMA was based prepared by a Realtor and was based on six suggested comparable sales and six suggested comparables listed for sale.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,794. The subject's assessment reflects a market value of \$525,775 or \$232.85 per square foot of living area, including land, when applying the 2009 three year median level of assessment for class 2 property of 8.90% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on two suggested equity comparables with sales data on one of the properties.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the appellant failed to carry its burden of proof. Contrary to appellant's contention, the CMA is not an appraisal and is not prepared by a licensed appraiser. Furthermore, the CMA report failed to provide price per square foot for the recently sold comparable properties. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
