

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan Thompson  
DOCKET NO.: 09-28038.001-R-1  
PARCEL NO.: 05-29-404-048-0000

The parties of record before the Property Tax Appeal Board are Allan Thompson, the appellant(s), by attorney Leonard Schiller, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 21,948  
**IMPR.:** \$ 55,482  
**TOTAL:** \$ 77,430

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with 2,726 square feet of living area. The dwelling was constructed in 1958. Features of the home include central air conditioning, three fireplaces and a two-car garage. The property has a 13,300 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the

subject property was purchased in October 2009 for a price of \$870,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,000. The subject's assessment reflects a market value of \$977,528 or \$358.59 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.90% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four equity sales. Board of review comparable #4 sold in August 2008 for \$1,388,000, or \$560.58 per square foot of living area, including land. The board of review also submitted a list of 20 sales of class 2-78 properties located in the subject's neighborhood. The list shows that the subject property sold in October 2009 for \$870,000. Additionally, the board of review submitted a recorder of deeds print out that indicates the subject was sold in October 2009 for \$870,000.

In written rebuttal, the appellant's attorney stated that the board of review's equity evidence does not address the appellant's market value argument. The appellant's attorney also stated the sale comparable submitted by the board of review was not adjusted.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October, 2009 for a price of \$870,000. Both the appellant and the board of review submitted evidence of this sale. The evidence indicates the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market. In further support of the transaction the appellant submitted a copy of the sales contract while the board of review submitted evidence of the sale from the recorder of deeds. The Board finds the purchase price is below the market value

reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$870,000 as of January 1, 2009. Since market value has been determined the 2009 three year average median level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.90% as determined by the Illinois Department of Revenue shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
