

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Grant Fujisawa
DOCKET NO.: 09-28579.001-R-1
PARCEL NO.: 14-32-102-005-0000

The parties of record before the Property Tax Appeal Board are Grant Fujisawa, the appellant, by attorney Christopher G. Walsh, Jr. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,620
IMPR.: \$80,504
TOTAL: \$91,124

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a three-story building of masonry construction containing 3,061 square feet of living area. The three-unit multi-family building is 13 years old. The property is classified as a class 2-12 residential property under the Cook County Real Property Assessment Classification Ordinance. Features of the building include a partial unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable multi-family properties described as two-story or three-story masonry buildings that range in age from 88 to 128 years old. The comparable buildings have from 2 to 4-units and range in size from 3,000 to 3,344 square feet of living area. Three comparables have a partial unfinished basement and one comparable has central air conditioning. The comparables have improvement assessments ranging from \$15.68 to \$22.96 per square foot of living area. The subject's improvement assessment is \$31.69 per square foot of living area. Based on this evidence,

the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$91,124 was disclosed. The board of review presented descriptions and assessment information on four comparable multi-family properties consisting of three-story masonry buildings that range in age from 13 to 116 years old. The buildings have from 3 to 5-units and range in size from 2,760 to 4,893 square feet of living area. Three comparables have a partial unfinished basement and one comparable has a full unfinished basement. Two comparables have a 2-car or 3-car garage and one comparable has central air conditioning. These properties have improvement assessments ranging from \$26.68 to \$31.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds board of review's comparable #4 substantially larger in size when compared to the subject. The Board gave less weight to appellant's comparables #1, #2 and #4 due to dissimilar design. The Board finds comparable #3 submitted by the appellant and comparables #1, #2 and #3 submitted by the board of review were more similar to the subject in design, size and age. These comparables had improvement assessments that ranged from \$22.18 to \$29.28 per square foot of living area. The subject's improvement assessment of \$26.30 per square foot of living area falls within the range established by the similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395

(1960). Although the comparables presented by the appellant disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
