

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Varavadekar
DOCKET NO.: 09-29511.001-R-1
PARCEL NO.: 13-25-117-026-0000

The parties of record before the Property Tax Appeal Board are Eric Varavadekar, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,100
IMPR.: \$44,300
TOTAL: \$52,400

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,466 square feet of living area. The dwelling is approximately six years old. Features of the home include a full finished basement, central air conditioning, three fireplaces and a two-car garage. The property has a 3,000 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on November 16, 2007, for a price of \$524,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,032. The subject's assessment reflects a market value of \$798,112 or \$323.65 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.9% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables and provided a sale price for one of these comparables. Comparable #2 sold in November 2006 for a price of \$495,000. As part of its submission, the board of review also disclosed the subject's November 2007 sale price of \$524,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in November 2007 for a price of \$524,000. The appellant provided evidence demonstrating the sale had some of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal and disclosed that the parties to the transaction were not related. In further support of the transaction the appellant submitted copies of the settlement statement and the real estate contract. The settlement statement revealed that commissions had been paid to two realty firms. The Board finds the purchase price is below the market value reflected by the

assessment. The Board finds that the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the appellants' overvaluation argument. The board of review presented four equity comparables and a sale price for one of these comparables. Comparable #2's November 2006 sale date was not as proximate in time to the January 1, 2009 assessment date as the subject's November 2007 sale, and its sale price was less than the subject's. Consequently, the Board gave little weight to this evidence. Based on this record, the Board finds the subject property had a market value of \$524,000 as of January 1, 2009. A reduction in the subject's assessment commensurate with the appellants' request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
