

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Samuel Sanchez  
DOCKET NO.: 09-32462.001-R-1  
PARCEL NO.: 05-06-400-016-0000

The parties of record before the Property Tax Appeal Board are Samuel Sanchez, the appellant(s), by attorney Richard L. Kruse in Lincolnwood, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 23,808  
**IMPR.:** \$ 161,433  
**TOTAL:** \$ 185,241

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction with 5,341 square feet of living area. The dwelling was constructed in 1934. Features of the home include a full basement, central air conditioning, and a fireplace. The

property has a 14,560 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on October 6, 2009 for a price of \$1,592,500. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,241. The subject's assessment reflects a market value of \$2,081,360 or \$389.70 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.90% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave little weight to the subject's sale due to the fact the appellant did not complete Section IV- Recent Sale Data of the Property Tax Appeal Board's appeal form. Specifically, the appellant did not disclose the length of time the subject property was advertised for sale. In addition, the appellant's pleadings do not disclose the name of the realtor or the name of the realtor's firm involved in the sale of the subject. The Board notes that the appellant's settlement statement does not list a charge for a broker's commission. The Board finds the

subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
