

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Andrianos
DOCKET NO.: 09-32493.001-R-1
PARCEL NO.: 16-13-328-002-0000

The parties of record before the Property Tax Appeal Board are Bill Andrianos, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,410
IMPR.: \$15,567
TOTAL: \$19,977

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-family dwelling with 3,639 square feet of living area of masonry construction. The building is 4 years old and has a full basement apartment. The property has a 3,150 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified

as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,538. The subject's assessment reflects a market value of \$315,380 or \$86.67 per square foot of living area, including land, when applying the Cook County level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparables, three of which were sales.

The board of review's submission included a list of 39 sales that occurred from October 1991 to May 2009 for prices ranging from \$8,000 to \$3,000,000. No other information regarding the characteristics of the sale properties was submitted for analysis.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3. These comparables were most similar to the subject in location, size, age, features and also sold most proximate in time to the January 1, 2009 assessment date. The Board gave less weight to the appellant's comparable #1 due to its significantly older age, when compared to the subject. The Board gave less weight to the equity comparable presented by the board of review. The Board finds this evidence is not responsive to the overvaluation argument made by the appellant. The Board also gave less weight to the sales information submitted by the board of review. The Board finds

the list of 39 sale properties did not include property characteristics necessary when analyzing these properties' comparability to the subject. The Board also gave less weight to the board of review's comparables #1 and #2 due to their sale dates occurring greater than 16 months prior to the assessment date at issue. Finally, the Board gave less weight to the board of review's comparable #3 due to its significantly smaller size, when compared to the subject. The best sales occurred in September 2009 for prices of \$155,000 and \$165,000. The subject's assessment reflects a market value of \$315,380, which falls above the market values established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
