

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ishak Musieh  
DOCKET NO.: 09-33509.001-R-1  
PARCEL NO.: 27-02-215-002-0000

The parties of record before the Property Tax Appeal Board are Ishak Musieh, the appellant, by attorney Patrick J. Cullerton, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 7,395  
IMPR.: \$50,455  
TOTAL: \$57,850**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a seven-year-old, two-story, dwelling of frame and masonry construction with 4,079 square feet of living area. Features of the home include a full

basement, central air conditioning, a fireplace and a three-car garage. The property has a 14,790 square foot site and is located in Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant submitted an appeal petition before the Property Tax Appeal Board contending assessment inequity and a contention of law as the bases of the appeal. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on June 3, 2009 for a price of \$650,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The appellant also argues that the subject's 2010 assessment was reduced; therefore, the subject's 2009 assessment should also be reduced to avoid an unfair and unjust result. In support of this proposition, the appellant cited Hoyne Savings & Loan Association v. Hare, 60 Ill.2d 84, 322 N.E.2d 833 (1974) and 400 Condominium Association v. Tully, 79 Ill.App.3d 686, 398 N.E.2d 951 (1<sup>st</sup> Dist. 1979). In Hoyne, the appellant argued the court held that a substantial reduction in a subsequent tax bill is indicative of validity of prior tax years' assessment. In 400 Condominium Association, the appellant argued the Illinois Supreme Court cited and followed Hoyne in that a substantial reduction in a subsequent tax bill is indicative of validity of prior years' assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,026. The subject's assessment reflects a market value of \$820,517 when using the 2009 three year average median level of assessments for class 2 property of 8.90% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale,

comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board gave no weight to the appellant's reliance regarding the appellant's contention of law referencing Hoyne and 400 Condominium Association, [citations omitted]. The Board finds in the recent decision of Moroney & Co. v. Property Tax Appeal Board, 2013 IL App (1<sup>st</sup>) 120493, 2 N.E.3d 522, the Court at ¶46 did not perceive Hoyne and 400 Condominium as standing for the proposition that "subsequent actions by assessing officials are fertile grounds to demonstrate a mistake in a prior year's assessments." In Moroney, the Court wrote in pertinent part:

... in each of those unique cases, which are confined to their facts, there were glaring errors in the tax assessments -- in Hoyne, the assessment was increased on a property from \$9,510 to \$246,810 in one year even though no changes or improvements to the property had occurred (Hoyne, 60 Ill.2d at 89), and in 400 Condominium, assessments on a garage were assessed separately from the adjoining condominium in violation of the Condominium Property Act (400 Condominium, 79 Ill.App.3d at 691). Here, based upon the evidence that was submitted, there is no evidence that there was an error in the calculation of the 2005 assessment. Rather, the record shows that the 2005 assessment was properly calculated based on the market value of the property.

The Property Tax Appeal Board finds the appellant presented no credible evidence showing there were unusual circumstances present in this 2009 appeal relative to the establishment of the subject's assessment for the 2010 tax year.

The Board finds the best evidence of market value to be the purchase of the subject property in June, 2009, for a price of \$650,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant submitted evidence disclosing the parties to the transaction were not related and that the property had been advertised on the open market. In further support of the transaction the appellant submitted a copy of the Warranty Deed and Redfin.com listing. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to

refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$650,000 as of January 1, 2009. Since market value has been determined the 2009 three year average median level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.90% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
