

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith and Patrick Casey
DOCKET NO.: 09-34314.001-R-1
PARCEL NO.: 14-32-211-020-0000

The parties of record before the Property Tax Appeal Board are Judith and Patrick Casey, the appellant(s), by attorney Patrick J. Cullerton, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,320
IMPR.: \$75,580
TOTAL: \$97,900

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 131-year-old, two-story dwelling of masonry construction with 2,512 square feet of living area. Features of the home include a full basement,

central air conditioning, a fireplace and a two-car garage. The property has a 2,976 square foot site and is located in North Chicago Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the basis of the appeal. In support of the overvaluation argument, the appellant submitted an appraisal estimating the subject property had a market value of \$1,100,000 as of *January 1, 2009*. In support of the inequity argument, the appellant submitted information on five suggested equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,379. The subject's assessment reflects a market value of \$1,330,101 when applying the 2009 three year median level of assessments for class 2 property of 8.90% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables.

On rebuttal, the appellant argued that two of the board of review's suggested comparables are lower than the subject property on per square foot basis and thus bolster appellant's request for reduction. The appellant also argued that the subject's 2010 assessment was reduced; therefore, the subject's 2009 assessment should also be reduced to avoid an unfair and unjust result. In support of this proposition, the appellant cited Hoyne Savings & Loan Association v. Hare, 60 Ill.2d 84, 322 N.E.2d 833 (1974) and 400 Condominium Association v. Tully, 79 Ill.App.3d 686, 398 N.E.2d 951 (1st Dist. 1979). In Hoyne, the appellant argued the court held that a substantial reduction in a subsequent tax bill is indicative of validity of prior tax years' assessment. In 400 Condominium Association, the appellant argued the Illinois Supreme Court cited and followed Hoyne in that a substantial reduction in a subsequent tax bill is indicative of validity of prior years' assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the

property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board gave no weight to the appellant's reliance regarding the appellant's contention of law referencing Hoyne and 400 Condominium Association, [citations omitted]. The Board finds in the recent decision of Moroney & Co. v. Property Tax Appeal Board, 2013 IL App (1st) 120493, 2 N.E.3d 522, the Court at ¶46 did not perceive Hoyne and 400 Condominium as standing for the proposition that "subsequent actions by assessing officials are fertile grounds to demonstrate a mistake in a prior year's assessments." In Moroney, the Court wrote in pertinent part:

... in each of those unique cases, which are confined to their facts, there were glaring errors in the tax assessments -- in Hoyne, the assessment was increased on a property from \$9,510 to \$246,810 in one year even though no changes or improvements to the property had occurred (Hoyne, 60 Ill.2d at 89), and in 400 Condominium, assessments on a garage were assessed separately from the adjoining condominium in violation of the Condominium Property Act (400 Condominium, 79 Ill.App.3d at 691). Here, based upon the evidence that was submitted, there is no evidence that there was an error in the calculation of the 2005 assessment. Rather, the record shows that the 2005 assessment was properly calculated based on the market value of the property.

The Property Tax Appeal Board finds the appellant presented no credible evidence showing there were unusual circumstances present in this 2009 appeal relative to the establishment of the subject's assessment for the 2010 tax year.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$1,100,000 as of the assessment date at issue. Since market value has been established the 2009 three year median level of assessment for class 2 property of 8.90% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)). After a reduction in

Docket No: 09-34314.001-R-1

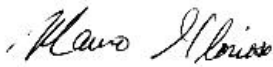

assessment, the Board finds the subject property to be equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
