

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 16th & Halsted, LLC
DOCKET NO.: 09-35536.001-R-1 through 09-35536.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are 16th & Halsted, LLC, the appellant(s), by attorney Richard J. Caldarazzo, of Mar Cal Law, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
09-35536.001-R-1	17-20-406-046-1022	936	19,089	\$20,025
09-35536.002-R-1	17-20-406-046-1029	1,273	16,929	\$18,202

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an eight-unit, condominium building, where only units 406 and 505 are under appeal. The property has a 5,607 square foot site and is located in West

Chicago Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing that unit 406 was purchased on September 17, 2009 for \$225,000 and unit 505 was purchased on September 18, 2007 for \$204,514. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for unit 406 of 21,954 and unit 505 of 29,871. The subject's assessment reflects a market value of \$246,674 and \$335,629, respectively, when using the 2009 three year median level of assessments for class 2 property of 8.90% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted an analysis estimating the units market value based on the sale of four recent sales within the same subject building. Based on the recent sales, the board of review finds the market value of the entire subject building and makes adjustments for personal property to reach a "total adjusted consideration." That adjusted consideration is then divided by the percentage of ownership of each unit to find the market value of individual units.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject units in September, 2007 and 2009 for prices of \$225,000 and 204,514, respectively. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. In further support of the transaction

the appellant submitted a copy of the settlement statement. The Board finds the purchase prices are below the market value reflected by the assessments. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transactions or to refute the contention that the purchase prices were reflective of market value. Based on this record the Board finds that units 406 and 505 had market values of \$225,000 and \$204,514, respectively, as of January 1, 2009. Since market value has been determined the 2009 three year average median level of assessments for class 2 property of 8.90% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
