**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of 12 units in a 14-unit condominium building, or 87.6798%. The building is 38 years old and is situated on a 12,944 square foot parcel located in Rogers Park Township, Cook County. It is classified as class 2-99 property under the Cook County Real Property Classification Ordinance.

The appellant, via counsel, submitted evidence before the Board arguing overvaluation based on the sale of five of the building's 14 units. In support of this claim, the appellant included: printouts from the assessor's website; printouts from the Cook County Recorder of Deeds website, and a list of each PIN with its unit number and sale information. The evidence disclosed that the aggregate purchase price for the units sold was \$250,000. The sales occurred in 2010 for prices ranging from \$20,500 to \$46,000. Based on this evidence, the appellant requested a reduction in the subject's total assessment which reflects a 10% level of assessment and an 87.6798% factor for participating units.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the subject's total assessment of \$213,994 for the 12 units. The assessment reflects a total market value of \$2,139,940 for the subject when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance. The board of review also submitted a memorandum from William E. Cahill, Cook County Assessor Analyst. The board's analysis relied on three of the same sales in the subject's building as the appellant's analysis, plus five additional sales from 2007. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board was provided with three identical sales from both parties, plus two 2010 sales submitted by the appellant. The Board gives no weight to the board of review's sales from 2007. All relevant sales were for units located in the subject building.

Based on evidence submitted, the Board finds that the subject property had a market value of \$451,517 for the 2010 assessment year. Since the market value has been determined, the assessment level of 10% as established by the Cook County Real Property Classification Ordinance shall apply. This yields an assessed value for the condominium building of \$45,152 as a whole. As the current assessed value is above this amount, this Board finds a reduction is warranted based on the sales evidence contained in the record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
