

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Stone
DOCKET NO.: 10-20784.001-R-1
PARCEL NO.: 11-19-411-025-0000

The parties of record before the Property Tax Appeal Board are James Stone, the appellant, by attorney Leonard Schiller of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,000
IMPR.: \$38,170
TOTAL: \$49,170

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling with 2,560 square feet of living area of frame and masonry construction. The dwelling is approximately 52 years old.

Features of the home include a partial basement finished with a recreation room, central air conditioning, one fireplace and a 2-car detached garage.¹ The property has a 8,800 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$550,000 as of January 1, 2009. The appellant requested the assessment be reduced to \$48,950 to reflect the appraisal value and the application of the 2009 three year average median level of assessment for Class 2 property of 8.90% as determined by the Illinois Department of Revenue.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,299. The subject's assessment reflects a market value of \$682,990 or \$266.79 per square foot of living area, including land, when applying the level of assessment for class 2-34 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables of which one sold in September 2007 for a price of \$737,000 or \$335.76 per square foot of living space, land included.

The appellant's attorney submitted a rebuttal brief in response to the board of review's evidence.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board gave less weight to comparable #2 submitted by the board of review, this sale occurred in September 2007 which is

dated and less indicative of fair market value as of the subject's January 1, 2010 assessment date. No weight was given to the assessment equity evidence presented by the board of review because it did not address the appellant's overvaluation argument.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant estimating the subject had a market value of \$550,000. The Board finds the subject property had a market value of \$550,000 as of the assessment date at issue. Since market value has been established the 2010 three year average median level of assessment for class 2-34 property under the Cook County Real Property Assessment Classification Ordinance of 8.94% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
