

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sal Melilli
DOCKET NO.: 10-20785.001-R-1
PARCEL NO.: 14-29-223-040-0000

The parties of record before the Property Tax Appeal Board are Sal Melilli, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,125
IMPR.: \$22,287
TOTAL: \$40,412

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of frame construction with 2,050 square feet of living area. The building is approximately 125 years old. Features of

the dwelling include a full unfinished basement and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted limited information on six comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,394. The subject's assessment reflects a market value of \$643,940 or \$314.12 per square foot of living area, including land, when applying the Cook County level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, one of which sold in 2007.

The board of review's submission included a list of 20 sales that occurred from April 1990 to June 2010 for prices ranging from \$698 to \$1,292,500. No other information regarding the characteristics of the sale properties was submitted for analysis.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2, #4 and #6. The Board gave less weight to the equity comparables presented by the board of review. The Board finds this evidence is not responsive to the overvaluation argument made by the appellant. The Board gave less weight to the board of review's equity comparable that sold in 2007, as the sale occurred greater than 33 months prior to

the January 1, 2010 assessment date. The Board also gave less weight to the board of review's list of 20 sale properties, due to the lack of information regarding these properties' characteristics that is necessary when analyzing these properties' comparability to the subject. The Board gave less weight to appellant's comparables #3 and #5 due to their significantly newer ages when compared to the subject. The best comparables sold for prices ranging from \$342,000 to \$535,000 or from \$143.22 to \$197.13 per square foot of living area, including land. The subject's assessment reflects a market value of \$643,940 or \$314.12 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this record, the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
