

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Blathras
DOCKET NO.: 10-20797.001-R-1
PARCEL NO.: 14-28-114-006-0000

The parties of record before the Property Tax Appeal Board are Alex Blathras, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,847
IMPR: \$83,966
TOTAL: \$108,813

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, multi-family dwelling of masonry construction. The dwelling is approximately 111 years old and has 5,609 square feet of living area. Features of the building include five apartment units, a full basement finished with an apartment and a two-car garage. The property has a 4,284 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a

class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted five comparable sales with limited descriptive information. These comparables sold from March 2008 to July 2010 for prices that ranged from \$319,000 to \$1,200,000 or from \$62.55 to \$185.19 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,813. The subject's assessment reflects a market value of \$1,088,130 or \$194.00 per square foot of living area, including land, using the 10% ordinance level of assessment for Class 2 residential property in Cook County.

With its "Notes on Appeal," the board of review submitted information on four comparables to demonstrate the subject was equitably assessed. With its "Analysis/Evidence Sheet," the board of review presented information on four additional equity comparables and provided a sale price for one of these comparables. Comparable #1 sold in August 2007 for a price of \$1,135,000 or \$205.32 per square foot of living area, including land. On the basis of this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted evidence on a total of five comparable sales. The appellant submitted four comparable sales with limited descriptive information. The appellant did not provide the comparables' assigned neighborhood code; however, based on the map submitted by the appellant, the comparables are not located near the subject. The appellant also did not provide any information regarding the comparables' foundations. As a

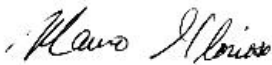

result, the Board gave the appellant's comparable sales little weight. The Board finds the best evidence of market value to be the comparable sale submitted by the board of review with its "Analysis/Evidence Sheet." This comparable was located in close proximity to the subject property and, like the subject, had a full basement finished with an apartment. This comparable sold for a price of \$1,135,000 or for \$205.32 per square foot of living area, land included. The subject's assessment reflects a market value of \$1,088,130 or \$194.00 per square foot of living area, including land, which is below the per square foot price of the best comparable sale in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
