

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Sternberg  
DOCKET NO.: 10-21088.001-R-1  
PARCEL NO.: 14-30-404-084-0000

The parties of record before the Property Tax Appeal Board are David Sternberg, the appellant, by attorney Leonard Schiller, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 20,328  
**IMPR.:** \$142,827  
**TOTAL:** \$163,155

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a seven year-old, three-story dwelling of masonry construction containing 5,234 square feet of living area. Features of the home include central air conditioning, two fireplaces and a three-car garage. The property has a 4,235

square foot site and is located in Lake View Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on January 29, 2010 for a price of \$1,825,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,500. The subject's assessment reflects a market value of \$2,041,387 or \$390.02 per square foot of living area, when using the board of review's indicated size of 5,234 square feet and applying the 2010 three-year median level of assessment of 8.94% for class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on two suggested equity comparables, and a list of three suggested comparable sales and the 2010 sale of the subject. The comparables sold from 1998 through 2009. The only additional information disclosed on the list is the sale price for each comparable and for the subject.

In rebuttal, the appellant reaffirmed the request for an assessment reduction.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January, 2010 for a price of \$1,825,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The

appellant disclosed the property was sold using a Realtor. In further support of the transaction, the appellant submitted a copy of the settlement statement, Warranty Deed, and Mortgage. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$1,825,000 as of January 1, 2010. Since market value has been determined, the 2010 three-year median level of assessment of 8.94% for class 2 property as determined by the Illinois Department of Revenue shall apply (86 Ill.Admin.Code §1910.50(c)(2)).

Therefore, the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
