

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Socorro Clarke
DOCKET NO.: 10-21343.001-R-1
PARCEL NO.: 11-30-107-029-0000

The parties of record before the Property Tax Appeal Board are Socorro Clarke, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds <u>a reduction</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,036 **IMPR.:** \$8,564 **TOTAL:** \$13,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of frame and masonry construction with 1,145 square feet of living area. The dwelling is approximately 51 years old. Features of the

home include a full unfinished basement and central air conditioning. The property has a 4,286 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on May 21, 2010 for a price of \$136,001. The appellant partially completed Section IV - Recent Sale Data of the residential appeal form. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,486. The subject's assessment reflects a market value of \$204,860 or \$178.92 per square foot of living area, land included, when applying the level of assessments for class 2-95 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables were all located within the same block as the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the purchase of the subject property in May 2010 for a price of \$136,001. The appellant provided evidence demonstrating the sale had some elements of an arm's length transaction. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor and the property had been advertised on the open market with the Multiple Listing

Service. In further support of the transaction the appellant submitted a copy of the HUD-1 settlement statement and a copy of the HUD-1 supplemental page. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board also finds the equity analysis presented by the board of review did not address the appellant's market value argument. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
