

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Chainski  
DOCKET NO.: 10-21568.001-R-1  
PARCEL NO.: 11-19-411-026-0000

The parties of record before the Property Tax Appeal Board are Edward Chainski, the appellant, by attorney Leonard Schiller of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,937  
**IMPR.:** \$54,063  
**TOTAL:** \$65,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry construction with 2,602 square feet of living area.<sup>1</sup> The dwelling is 52 years old. Features of the home include a partial basement that is finished, central air conditioning, a fireplace and a two-car garage. The property has a 8,750 square foot site and is located in Evanston, Evanston Township, Cook

County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$650,000 as of January 1, 2010.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,177. The subject's assessment reflects a market value of \$691,770 or \$265.86 per square foot of living area, including land, when applying the Cook County level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables, one of which sold in 2007.

The appellant submitted a rebuttal brief.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

As an initial matter regarding the subject's dwelling size, the appellant's appraiser reported the subject dwelling contains 2,474 square feet of living area, but failed to submit a sketch within the appraisal as support. The board of review submitted the subject's property record card disclosing the subject dwelling contains 2,602 square feet of living area. For the purposes of this appeal, the Board finds the subject dwelling has 2,602 square feet of living area, however, the difference reported by the parties does not impact the Board's decision.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant estimating the subject property had a market value of \$650,000 as of January 1, 2010.

The Board gave less weight to the 2007 sale submitted by board of review due to its sale date occurring greater than 27 months prior to the January 1, 2010 assessment date at issue. The Board gave little weight to the equity comparables presented by the board of review. The Board finds this evidence is not responsive to the overvaluation argument made by the appellant. The Board also gave less weight to the board of review's list of 4 sales, as the information submitted did not include property characteristics necessary when analyzing these properties' comparability to the subject. The subject's assessment reflects a market value above the best evidence of market value in the record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
