

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Rempas
DOCKET NO.: 10-23077.001-R-1
PARCEL NO.: 10-33-423-041-0000

The parties of record before the Property Tax Appeal Board are Steven Rempas, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,536
IMPR.: \$50,726
TOTAL: \$65,262

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 14,909 square foot parcel of land improved with a 50-year old, one and one-half story, masonry, single-family dwelling containing 5,706 square feet of living area. The property is located in Niles Township, Cook

County and is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in May 2008 for a price of \$730,000. The appellant included copies of the sale contract, the settlement statement, bank letter, and the escrow check. The settlement statement discloses that real estate brokers were involved in the transaction.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,426. The subject's assessment reflects a market value of \$1,179,262 using the Illinois Department of Revenue's 2010 three-year median level of assessment for class 2 property of 8.94%.

In support of its contention of the correct assessment the board of review submitted a brief asserting that the subject property was a compulsory sale and not reflective of the market. To support this, the board of review included copies of printouts from the recorder of deeds office listing the sale history of the subject. The board of review also listed the sale of the subject in May 2008 for \$730,000 on their comparable grid.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

In addressing the appellant's market value argument, the Board finds that the sale of the subject in May 2008 was a "compulsory sale." A "compulsory sale" is defined as

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant

to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider compulsory sales of comparable properties. However, the Board finds that the mere assertion by the board of review that the subject's sale was not at market solely because it is a compulsory sale is accorded no weight without evidence supporting that assertion.

In the instant case, even though the board of review asserted that the subject's sale was a foreclosure and thereby not equal to market value, the Board finds the board of review failed to submit any evidence to support this assertion. Moreover, the board of review failed to provide any evidence either to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of the market. The board of review merely argued that the sale was

not at market because it was a compulsory sale which is a sale under duress; the board of review failed to show to the bank's financial situation made it compelled to sell. Moreover, the board of review listed this sale amongst their own evidence to support the assessment.

In further contrast, the appellant submitted the settlement statement which shows that real estate brokers were involved in the transaction. Therefore, the Board finds the subject's sale was an arm's length transaction by a buyer and seller willing to buy and sell, but not compelled to do so.

Based on this record the Board finds the subject property had a market value of \$730,000 as of January 1, 2010. Therefore, the Board finds the subject overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
