

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Ghanesh Patel DOCKET NO.: 10-23172.001-R-1 PARCEL NO.: 09-09-403-068-1311

The parties of record before the Property Tax Appeal Board are Ghanesh Patel, the appellant, by attorney Leonard Schiller, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds <u>no change</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$1,334
IMPR.:	\$1,509
TOTAL:	\$2,843

Subject only to the State multiplier as applicable.

## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010- tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## Findings of Fact

The subject property is residential condominium unit contained in a 37 year-old, three-story residential condominium building of masonry construction. The property has a 1,449,133 square foot site and is located in Maine Township, Cook County. The Docket No: 10-23172.001-R-1

property is a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on June 25, 2009 for a price of \$22,500. The appellant submitted the settlement statement disclosing the seller was EMC Mortgage; the real estate contract disclosing the subject was REO and sold in an all-cash transaction; and the Multiple Listing Service information sheet disclosing the subject was "REO bank owned property" sold in an "as is" condition.

Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$2,843. The subject's assessment reflects a market value of \$31,801 when using the 2010 three-year median level of assessment of 8.94% for class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the submitted a board of review condominium analysis with information on suggested comparable sales for ten units in the building that sold in 2008 for a total of \$1,795,123. The board of review applied a 2% market value reduction to the subject for personal property without further evidence to arrive at a full market value of \$1,759,220 of the ten units sold. The board of review disclosed the units sold consisted of 2.189% of all units in the building. The result was a full value of the property at \$80,366,377. Since the subject was 0.1188% of all the units in the building, the board of review suggested the market value of the subject to be \$95,475.

## Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code Docket No: 10-23172.001-R-1

§1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in June 2009 for \$22,500 is a "compulsory sale." A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a compulsory sale, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. The appellant's evidence did not dispute that the sale was a compulsory sale. In this case, the appellant did not submit additional sale comparables to show that the sale of the subject in June 2009 for \$22,500 was at its fair cash value. Moreover, the board of review submitted sales comparables as part of its condominium analysis. Since there is no supporting evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is not overvalued and holds that a reduction is not warranted. This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
