

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Valley Rentals, LLC
DOCKET NO.: 10-24010.001-R-1
PARCEL NO.: 31-35-417-007-0000

The parties of record before the Property Tax Appeal Board are Valley Rentals, LLC, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,475
IMPR: \$4,025
TOTAL: \$6,500**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is approximately 57 years old and has 1,092 square feet of living area. Features of

the home include a concrete slab foundation and a one and one-half car garage. The property has a 9,000 square foot site and is located in Park Forest, Rich Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property sold as a contract for deed in December 2008 for a price of \$65,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,852. The subject's assessment reflects a market value of \$110,201 or \$100.92 per square foot of living area, land included, when using the 2010 three year average median level of assessments for class 2 property of 8.94% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparables to demonstrate the subject was equitably assessed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the purchase of the subject property in December 2008 for a price of \$65,000. The appellant provided evidence demonstrating the sale had some of the elements of an arm's length transaction. The appellant did not fully complete Section IV - Recent Sale Data of the residential appeal form; however, the appellant submitted a copy of the Illinois Real Estate Transfer Declaration (PTAX-203). The transfer declaration revealed that the subject property had been advertised for sale. The appellant's attorney

also submitted a brief, wherein counsel stated that a prior sale of the subject in October 2008 had been compulsory. After this sale, the subject was advertised for sale, and its December 2008 sale was "an arms [sic] length, non-compulsory sale." The Board finds the subject's December 2008 purchase price is below the market value reflected by the assessment.

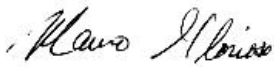

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
