

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Isiah Richardson
DOCKET NO.: 10-24055.001-R-1
PARCEL NO.: 31-03-410-013-0000

The parties of record before the Property Tax Appeal Board are Isiah Richardson, the appellant(s), by attorney Ronald M. Justin, of RMR Property Tax Solutions in Hawthorn Woods; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,921
IMPR.: \$ 12,642
TOTAL: \$ 15,563

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one-story dwelling of frame construction with 1,157 square feet of living area. The dwelling is 37 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, a fireplace, and a two and one-half-car garage. The property has a 9,737 square foot site, and is located in Country Club Hills, Rich Township, Cook County. The subject is

classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant completed certain portions of Section IV of the petition. The data on the petition indicated that the subject was purchased on January 6, 2009 for a price of \$68,500. The data indicated that the sale was not a transfer between related parties; that the property was advertised for sale; and that the seller's mortgage was not assumed. The form's question regarding whether the property was sold in settlement of an installment contract, a contract for deed, or in lieu of foreclosure was left unanswered. In addition, a copy of the first and second pages of a settlement statement were submitted. It indicated that the property was purchased by Isiah Richardson Jr., while the seller was identified as "US Bank National Assoc." The price was listed as \$68,500, or \$59.20 per square foot of living area, including land. The remaining pages of the settlement statement were not submitted, and the two pages that were submitted are not signed by a party to the transaction. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,563. The subject's assessment reflects a market value of \$174,083, or \$151.08 per square foot of living area, including land, when applying the 2010 three year average median level of assessment for class 2 property of 8.94% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The board of review also submitted evidence that the subject sold in December 2008 for \$68,500.

At hearing, Ronald Justin, counsel for the appellant, stated that he had no personal knowledge of whether the subject's sale was an arm's length transaction or the sale's specifics. He argued that a recent sale is the best evidence of market value. The board of review's representative rested on the evidence previously submitted. At the conclusion of the hearing, the Board's Administrative Law Judge ("ALJ") asked Mr. Justin to answer the following question: "Was the sale of the subject pursuant to a foreclosure, a short sale, or was it otherwise a 'compulsory sale' as that term is defined in the Property Tax

Code?" The ALJ granted Mr. Justin two weeks to submit an answer to this question.

After two weeks, Mr. Justin submitted a spreadsheet to the ALJ. The Board notes that the spreadsheet contained information for other appeals that were set for hearing before the Board on the same day as the hearing for the subject. "Column A" of the spreadsheet listed the PIN, "column B" stated whether the subject was a compulsory sale or not, while "column C" stated the time the property was listed on the MLS. For the subject, column B said "Short Sale."

After receiving the spreadsheet, the Board issued a written Order (the "Order"). The Order, *inter alia*, excluded from the record all information in column C of the spreadsheet, as it was new evidence and not responsive to the ALJ's question at hearing regarding whether the sale of the subject was a compulsory sale. The Order also allowed the board of review two weeks to respond to the information contained in column B. The board of review did not submit anything in response to column B.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in January 2009 for \$68,500 was a compulsory sale. A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. The Board finds that the sale of the subject in January 2009 is a compulsory sale, in the form of a short sale, based on the appellant's admission in the spreadsheet submitted after hearing.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider the compulsory sales of comparable properties submitted by the parties to revise and/or correct the subject's assessment. However, the Board finds that the appellant's evidence regarding this sale is insufficient to warrant a reduction in this appeal. The only evidence submitted was the first and second pages of the settlement statement. Neither of these pages are signed by a party to the transaction. The Board finds that such scant evidence is insufficient to prove that the subject is overvalued. Therefore, the Board finds that the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
