

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rajesh Sharma
DOCKET NO.: 10-24386.001-R-1
PARCEL NO.: 09-15-102-030-0000

The parties of record before the Property Tax Appeal Board are Rajesh Sharma, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,831
IMPR.: \$65,887
TOTAL: \$80,718

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a seven-year-old, two-story dwelling of masonry construction with 6,043 square feet of living area. Features of the home include a full basement, central air conditioning, two fireplaces and a three-car garage.

The property has a 16,950 square foot site and is located in Maine Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on December 1, 2007 for a price of \$555,000. In addition, the appellant submitted a copy of the PTAX-203 Transfer Declaration and prior Board decision on a different property. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,718. The subject's assessment reflects a market value of \$902,886 or \$149.41 per square foot of living area, land included, when using the 2010 three year median level of assessments for class 2 property of 8.94% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables with sales data on each property. The properties are described as two-story, masonry, single-family dwellings that range: in age from three to 19 years; in size from 5,158 to 6,425 square feet of living area; and in market value from \$163.42 to \$274.21 per square foot of living area. In addition, the board of review submitted a brief arguing that the subject's 2007 sale was between related parties, was not advertised for sale, and the appellant failed to meet its burden that the sale was an arm's length transaction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the appellant failed to carry its burden of showing that the 2007 sale was an arm's length transaction. The undisputed evidence submitted by both parties shows that sale was between related parties, not advertised on the market, and not sold using a realtor.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$163.42 to \$274.21 per square foot of living area, including land. The subject's assessment reflects a market value of \$149.41 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
