

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Keywell
DOCKET NO.: 10-24822.001-R-1
PARCEL NO.: 05-08-313-023-0000

The parties of record before the Property Tax Appeal Board are Brad Keywell, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 50,247
IMPR.: \$ 244,686
TOTAL: \$ 294,933

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 10-year old, two-story, single-family dwelling of masonry construction with 6,567 square feet of living area. Features of the home include: six full and two half-baths, a full basement, central air conditioning, two fireplaces and a three-car garage. The property has a

32,949 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted descriptive and assessment data on three suggested equity comparables. The two-story improvements ranged: in age from 3 to 19 years; in improvement size from 6,107 to 7,180 square feet of living area; and in improvement assessments from \$27.48 to \$32.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$294,933. The subject property was accorded a deluxe condition and had an improvement assessment of \$244,686 or \$37.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted descriptive and assessment data on four suggested equity comparables. The two-story, masonry improvements were of average condition and ranged: in age from 3 to 6 years; in improvement size from 5,923 to 6,696 square feet of living area; and in improvement assessments from \$41.30 to \$56.50 per square foot.

The grid analysis also indicated that properties #1 through #3 sold from May, 2007, to June, 2008, for prices that ranged from \$573.53 to \$775.29 per square foot.

In written rebuttal, the appellant's attorney argued that the improvement size data for the board of review's properties #1 and #3 were incorrect, while submitting copies of multiple listing printouts in support thereof. The printouts indicated that property #1 contained 9,050 square feet, while property #3 contained 7,700 square feet of living area. The appellant further asserted that the board of review failed to submit property record cards to support the data reflected on its grid analysis.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for

the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #1 and #3 as well as the board of review's comparable #4*. These comparables had improvement assessments that ranged from \$27.48 to \$41.30 per square foot of living area. The subject's improvement assessment of \$37.26 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
