

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eitan Coresh  
DOCKET NO.: 10-25635.001-R-1  
PARCEL NO.: 10-16-327-041-0000

The parties of record before the Property Tax Appeal Board are Eitan Coresh, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 4,219  
**IMPR.:** \$ 23,854  
**TOTAL:** \$ 28,073

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one and one-half-story dwelling of frame and masonry construction with 1,800 square feet of living area. The dwelling was constructed in 1951. Features of the home include a full basement, central air

conditioning, and a one and one-half-car garage. The property has a 5,626 square foot site and is located in Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted a real estate contract, settlement statement, a warranty deed, and a printout from Win 2 data that disclose the subject property was purchased on December 21, 2007 for a price of \$195,000. The evidence indicates the buyer is a licensed realtor and that the subject was purchased in a cash transaction. The Board notes that the appellant did complete Section IV-Recent Sale Data of the Property Tax Appeal Board's appeal form. Specifically, the appellant did not disclose whether the sale of the subject was a transfer between family or related corporation or whether the property was advertised for sale. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,073. The subject's assessment reflects a market value of \$314,016 or \$174.45 per square foot of living area, land included, when using the 2010 three year average median level of assessments for class 2 property of 8.94% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information four comparable sales. The board also submitted a recorder of deeds printout and argued that the sale of the subject in December 2007 was a compulsory sale.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this

burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the four comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, and age. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$173.28 to \$237.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$174.45 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave little weight to the subject's sale due to the fact the appellant did not disclose whether the sale was between related parties or whether the property was advertised or exposed on the open market. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
