

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ed Leon  
DOCKET NO.: 10-27882.001-R-1  
PARCEL NO.: 05-07-405-017-0000

The parties of record before the Property Tax Appeal Board are Ed Leon, the appellant, by attorney Anthony Lewis, of the Law Offices of Gary H. Smith in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 13,422  
**IMPR.:** \$ 33,373  
**TOTAL:** \$ 46,795

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 125 year-old, two-story dwelling of masonry construction containing 1,675 square feet of living area. Features of the home include a full unfinished basement. The property has a 9,100 square foot site and is located in New

Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a portion of the first page of a settlement statement disclosing the subject property was purchased on October 28, 2010 for a price of \$320,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,795. The subject's assessment reflects a market value of \$523,434 or \$312.50 per square foot of living area, when using the board of review's indicated size of 1,675 square feet and when applying the 2010 three-year average median level of assessment of 8.94% for class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave little weight to the subject's sale due to the fact the appellant failed to "provide substantive, documentary evidence or legal argument sufficient to challenge the correctness of the assessment of the subject property." 86 Ill.Admin.Code §1910.63(b). The only evidence the appellant submitted was a portion of one page of the settlement statement. The Board finds this is insufficient evidence to comply with the requirement of §1910.63(b). In contrast, the board of review submitted evidence of four sales comparables. The Board finds the best evidence of market value in the record to be sales

comparables #1, #2, #3 and #4 submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, age, living area and land area. These properties also sold proximately in time to the assessment date at issue. The comparables sold for prices ranging from \$301.77 to \$355.26 per square foot of living area, including land. The subject's assessment reflects a market value of \$312.50 per square foot of living area, including land, which is within the range established by the best comparable sales in this record.

Therefore, the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
