

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aisha Malik
DOCKET NO.: 10-28090.001-R-1
PARCEL NO.: 15-06-304-004-0000

The parties of record before the Property Tax Appeal Board are Aisha Malik, the appellant(s), by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,512
IMPR.: \$ 13,580
TOTAL: \$ 16,092

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a multi-level story dwelling of masonry construction with 1,104 square feet of living area. The dwelling is 1962 years old. Features of the home include one and one-half baths, a partial unfinished basement, and a one and one-half car garage. The property has a 6,700 square foot site, and is located in Berkeley, Proviso Township, Cook County.

The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted evidence showing that the subject sold in May 2009 for \$180,000. This evidence included the settlement statement and real estate contract. Furthermore, the appellant's pleadings regarding Section IV- Recent Sale Data confirmed the closing date, sale price, the parties to the transaction were not related, the property was sold using a realtor, and that the property had been advertised on the open market. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,596. The subject's assessment reflects a market value of \$230,380 or \$208.68 per square foot of living area, including land, when applying the 2010 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.94% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted four equity and sale comparable and confirmed the 2009 sale of the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in May 2009 for \$180,000. The appellant provided evidence demonstrating the sale had the elements of arm's length transaction. The appellant completed Section IV- Recent Sale Data of the appeal disclosing that: the parties to the transaction were not related, the property was sold using a realtor, and that the property had been advertised on the open market. In further support of the transaction, the

appellant submitted a copy of the settlement statement and real estate contract.

The board of review failed to provide any evidence to challenge the arm's length nature of the transaction.

Based on this record, the Board finds the subject property had a market value of \$180,000 as of January 1, 2010. Since market value has been determined the 2010 three year average median level of assessments for class 2, residential property of 8.94% shall apply as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
