

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abdul Majid
DOCKET NO.: 10-28266.001-R-1
PARCEL NO.: 13-16-404-030-0000

The parties of record before the Property Tax Appeal Board are Abdul Majid, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$6,451
IMPR.: \$15,899
TOTAL: \$22,350**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,488 square feet of living area. The dwelling is 86 years old. Features of the home include a full

unfinished basement and a 1-car garage. The property has a 4,032 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on October 30, 2009, for a price of \$250,000. The appellant also submitted a copy of an appraisal estimating the subject value of \$260,000 as of October 9, 2009. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,864. The subject's assessment reflects a market value of \$390,313 or \$156.88 per square foot of living area, land included, when using the 2010 three year average median level of assessments for class 2 property of 8.94% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October 2009 for a price of \$250,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with a the Multiple Listing

Service and it had been on the market for approximately 592 days.¹ In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present sufficient documentary evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$250,000 as of January 1, 2010. Since market value has been determined the 2010 three year average median level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.94% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)

¹ The Multiple Listing sheet depicts the subject was advertised for 592 days.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
