

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zoran Milovanovic
DOCKET NO.: 10-28968.001-R-1
PARCEL NO.: 04-32-401-125-1267

The parties of record before the Property Tax Appeal Board are Zoran Milovanovic, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 903
IMPR.: \$ 10,168
TOTAL: \$ 11,071

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium dwelling that is 28 years old. The subject is located in Chicago, Northfield

Township and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 4, 2009 for a price of \$87,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,071. The subject's assessment reflects a market value of \$110,710, when using the Cook County level of assessments for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on a list of 15 condominium sales from the subject's building.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the condominium sales from the subject's building presented by the board of review. The sales occurred from January 2009 to February 2011 for prices ranging from \$100,000 to \$148,000. The subject's assessment reflects a market value of \$110,710, which is within the range of the sales in the record. The appellant provided the subject's sales contract and settlement statement, but failed to complete Section IV - Recent Sale Data of the appeal. Therefore, the Board does not know if the parties to the transaction were not related or if the property was sold using a Realtor or if the property had been advertised on the open market. This lack of support calls into question the arm's length nature of the transaction, therefore, the subject's sale price is given less weight.

Docket No: 10-28968.001-R-1

Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
