

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Halo, LLC
DOCKET NO.: 10-30756.001-R-1
PARCEL NO.: 19-35-336-054-0000

The parties of record before the Property Tax Appeal Board are Halo, LLC, the appellant, by attorney Daniel J. Farley of Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,284
IMPR: \$4,516
TOTAL: \$8,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 1,572 square feet of living area. The dwelling is approximately 62 years old and features a full

unfinished basement. The property has a 5,040 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 29, 2010 for a price of \$88,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,885. The subject's assessment reflects a market value of \$168,850 or \$107.41 per square foot of living area, land included, when applying the level of assessments for class 2-07 property of 10% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The comparables sold from June 2007 to November 2010 for prices ranging from \$101,000 to \$280,000 or from \$53.84 to \$154.98 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2010 for a price of \$88,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The evidence indicated the property was sold using a Realtor and the property had been advertised on the open market with the Multiple Listing Service (MLS). In further support of the transaction the appellant submitted a copy of the HUD-1

settlement statement and a copy of the redfin.com website listing sheet for the subject. The evidence provided by the appellant implies the subject property was listed on the MLS from August 5, 2010 to September 2, 2010. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Less weight was given to board of review sale comparables #2, #3 and #4 as these transactions were not proximate in time to the assessment date. Additionally, the subject's purchase price of \$55.98 per square foot of living area, including land, supports the reduction by Board of review comparable #1 sale price per square foot of \$53.84, including land. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
