

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: John & Mary Witte DOCKET NO.: 10-30930.001-R-1 PARCEL NO.: 07-31-212-021-0000

The parties of record before the Property Tax Appeal Board are John & Mary Witte, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds <u>no change</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 3,051 **IMPR.:** \$ 15,078 **TOTAL:** \$ 18,129

Subject only to the State multiplier as applicable.

## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 1,746 square feet of living area. The dwelling was constructed in 1966. Features of the home include central air conditioning and one and one-half baths. The

property has a 8,138 square foot site and is located in Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was listed for sale from June 2008 through January 2011. The appellant also submitted evidence indicating that the subject was vacant. The appellant did not submit evidence that the subject was uninhabitable. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal." However, this evidence was not timely submitted, and the board of review was found to be in default under Sections 1910.40(a) and 1910.69(a) of the Official Rules of the Property Tax Appeal Board. Therefore, the board of review's evidence was not considered in this appeal.

## Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As to the appellant's market value argument, the Board finds no evidence in the record that the subject's assessment is incorrect when vacancy is considered. The mere assertion that vacancies in a property exist, does not constitute proof that the assessment is incorrect or that the fair market value of a property is negatively impacted. There was no showing that the subject's market value was impacted by its vacancy during 2010.

The PTAB gives the appellant's argument little weight. In Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970), the court stated:

[I]t is the value of the "tract or lot of real property" which is assessed, rather than the value of the interest presently held. . . [R]ental income may of course be a relevant factor. However, it cannot be the controlling factor, particularly where it is admittedly misleading as to the fair cash value of the property involved. . . [E]arning capacity is properly regarded as the most significant element in arriving at "fair cash value".

Many factors may prevent a property owner from realizing an income from property that accurately reflects its true earning capacity; but it is the capacity for earning income, rather than the income actually derived, which reflects "fair cash value" for taxation purposes. Id. at 431.

Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
